New this year: We'll have one Blue Heat team however dances will be structured and taught to those with the best ability. All dancers auditioning will be taught the same two routines. We will fairly score everyone, with their scores determining whether they are a team member or alternate. Dancers not receiving the minimum score required will not make the team but should continue working on their skills and technique in class and audition again next year! 😊

Every dancer is auditioning for a spot on our team. Former Blue Heat dancers are **not** guaranteed a spot on our new team however previous dance experience, dancer's attitude, behavior, commitment level, as well as current audition performance will be considered when selecting our new teams.
